YOUR JOURNEY IS OUR MISSION™

## BLUE TOAD BOTANICALS™

### WE ARE A FAMILY BUSINESS

#### Pamela Peters

Co-Founder | A 26 year entrepreneur with extensive startup operational experience thru building and operating a 65 headcount co-manufacturing facility & multiple national brands.

#### Paul Frantellizzi

Co-Founder | A multiple award winning & disruptive entrepreneur with 40+ years experience in technology, CPG innovation, functional-foods, hemp/ cannabis & medicinal mushrooms.

#### Pauley Frantellizzi

Born in Houma LA, Pauley is a typical kid (now 6'5" & in high school) who is funny, loves mountain biking, girls, his iPhone, music & dressing like he's on Miami Vice!

### WHAT ARE FUNCTIONAL MUSHROOMS?

Functional Mushrooms are known for their health benefits beyond their core nutritional value. The specific benefits often depends on the species - however, functional mushrooms are often categorized into two main groups: Medicinal & Adaptogenic.

**"Blue Toad Is A Premium Functional-Mushroom Brand That Offers Consumers Simple, Effective, & Fun Solutions For Their Lifelong Health Journey."**

### OUR BRAND STANDARDS

- Made In The USA
- Nothing Artificial
- Organic Ingredients
- Patented Ingredients
- USA Grown Mushrooms
- Organically Grown Mushrooms
- Full Spectrum w/ Alpha/ Beta Glucans
- Non-GMO | Gluten Free | Vegan Friendly

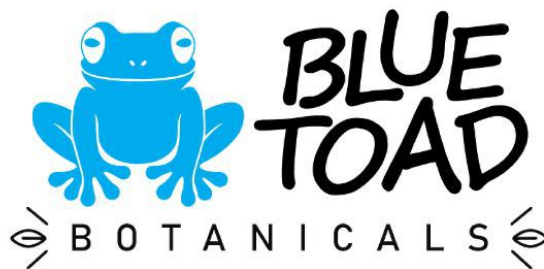

### OUR WELLNESS PRODUCTS AND FUNCTIONAL MUSHROOM POWDERS

- Coffee & Smoothie Boosters/Collagen
- Microdose Therapeutic Capsules
- Functional Chocolate Bars
- Lion's Mane
- Turkey Tail
- Red Reishi
- Cordyceps
- Tremella
- Maitake
- Shiitake
- Chaga

**"We Aim To Build A Brand That Truly Matters To Consumers By Gaining Their Trust In The Functional Mushroom/Wellness Space & Then Delivering The Most Impactful Therapeutic Microdose Products Possible."**

**\*Organically Grown Ingredients**

- USA Grown Mushrooms
- Hot Water/Steam Mushroom Extracts (Fruiting Body & Mycelium)

Hericium erinaceus is an edible mushroom mushroom belonging to the tooth fungus group. Native to North America, Europe and Asia, it can be identified by its long white spines, occurrence on hardwoods, and tendency to grow a single clump. Lion's Mane is world renown for it's potential to support dementia recovery, symptoms of depression/ anxiety & recovery from nervous system injuries.

Inonotus obliquus, commonly called Chaga, is a fungus in the family Hymenochaetaceae. It is parasitic on birch trees & often resembles burnt charcoal. Chaga is believed to have potent antioxidant & anti-inflammatory properties, making it a potential alternative remedy for things like arthritis, high blood pressure & immunity. It may also help lower blood sugar & ease inflammation!

Of the more than 400 species discovered, two have become the focus of massive health research - Cordyceps Sinensis and Cordyceps Militarisis. Both are thought to increase the body's production of adenosine triphosphate (ATP), which is essential for delivering energy to the muscles. Potential benefits include: energy & performance, anti-aging support, diabetes support & more!

Lingzhi, Ganoderma lingzhi, also known as Reishi, is a polypore fungus belonging to the genus Ganoderma. Its reddish brown varnished kidney-shaped cap with bands that give it a distinct fan-like appearance. Reishi mushroom has been used to help enhance the cardio & immune systems, reduce stress, improve sleep, & lessen fatigue. People also take reishi mushroom for health conditions such as high blood pressure.

Blue Toad **Ceremonial Cacao** Powder is Organic, Single Origin, Fair Trade, Ecuadorian Cacao Powder Made From Arriba Nacional Ecuadorian Fine Aroma Beans. Ceremonial Cacao is made from whole-bean, organic, single origin, fair trade cacao. These beans undergo a fermentation & sun drying process necessary for cultivating their flavor profile and activating certain natural compounds. The beans are then cracked, and stone ground by traditional means.
